Important Participant Information

- **Can't find your team name?** Only purchased teams will appear on the provisional start list. If your company has recently purchased teams, these will be reflected in the next provisional start list update.

- **Mandatory team member check-in:** For safety and medical tracking purposes, all participants must individually complete the Participant Waiver Check-In Form under their correct team name prior to race day.

- **Switching teams?** No problem! Simply complete your check-in again using your new team name. Your most recent submission will be considered the correct information, so there's no need to notify us of changes separately.
